## magazine

Welcome to LUsedCARS.com magazine.

Long Island Used Cars is a vehicle shopping service which is the only one of its kind specifically serving Long Island. The service is online at [LIUsedCars.com](http://LIUsedCars.com) and, if applicable, may include other sites owned or controlled by us, or our affiliates. For example, dealer vehicles may also appear on [QueensUsedCars.com](http://QueensUsedCars.com) and [BrooklynUsedCars.com](http://BrooklynUsedCars.com) etc.

Participating dealers showcase their used cars for sale with us and local shoppers can find these vehicles without worry of traveling through tunnels, over bridges, or off of the Island. Each unit for sale on our website(s) and in this newsprint is for sale and located within Nassau, Suffolk, Brooklyn or Queens County. Our goal is to help local dealerships sell used vehicles faster, and for local buyers to find what they're looking for locally or within approximately fifty miles.

Please keep in mind that what is inside this magazine is only a small reflection of what is available online. Please also note that all prices exclude vehicle registration, title, fees and taxes. Neither the advertiser nor Long Island Used Cars™ is responsible for typographical errors or misprints. All information in this publication should be first verified with each seller. All vehicle data is retrieved through electronic means just hours prior to press-time. Advertisers reserve the right to change prices and specials without notice. All vehicles are subject to prior sale and they may no longer be available.

If you are not yet a participating dealer please call us today at (631) 850-4500 to advertise your vehicles with Long Island Used Cars™. If you are already a dealer but do not see your inventory in this print publication, please call us to upgrade your account or ensure that we have new and up-to-date paperwork (Advertiser Relationship Agreement) on file for your dealership.

## What is Google AdWords?

AdWords (Google AdWords) is an advertising service by Google for businesses wanting to display ads on Google and its advertising network. The AdWords program enables businesses to set a budget for advertising and only pay when people click the ads. The ad service is largely focused on keywords.

**Cars Digital, Inc. has been selected as a Google Partner, something only 5% of agencies receive.** Google only selects agencies who deliver great results for their clients.

## What Do Paid Search Ads Look Like?

Paid Search ads are text ads found on the top of the page and below the organic search results on desktops, tablets, and mobile devices.
